RIDING A MOTORCYCLE IS FUN IF YOU FOLLOW SOME SAFETY RULES

**Before you ride a motorcycle please make sure that it is in a safe condition
(lighting systems, brakes, tires, drive chain, etc.)**

Everybody riding a motorcycle must wear a helmet.

Your headlights have to be turned on at all times.

**Your clothing should be appropriate - proper eye protection, full-fingered gloves,
long trousers, long-sleeved shirt or jacket, high visibility garments (bright color
for day and retroreflective for night), and leather boots or over the ankle shoes.
(As outlined in AR 385855, Appendix B)**

Watch out for water, oil, sand, gravel, or other surface hazards.

Don't drive too fast.

Don't cut curves.

**Be aware that passengers and/or luggage change the road performance of your
motorcycle.**

**Be very careful while passing - other drivers may misjudge your speed or may not
see you.**
